BRAIN:

A JOURNAL OF NEUROLOGY,

FOR

VOL. LXVIII, 1945.

INDEX OF AUTHORS.

PAGE

Aring, C. D.
Vascular Diseases of the Nervous System 28

Cooper, E. R. A.
The Development of the Human Lateral Geniculate Body 222

Craike, W. H., and Slater, E.
Folie à Deux in Uniovular Twins Reared Apart 213

Denny-Brown, D., and Sciarra, D.
Changes in the Nervous System in Acute Porphyria 1

Glees, P.
The Interrelation of the Strio-pallidum and the Thalamus in the Macaque Monkey 331

Heppenstall, M. E., Hill, D., and Slater, E.
The E.E.G. in the Prognosis of War Neurosis 17

Hill, D., Heppenstall, M.E., and Slater, E.
The E.E.G. in the Prognosis of War Neurosis 17

Jackson, Shirley
The Role of Galvanism in the Treatment of Denervated Voluntary Muscle in Man 300

Le Gros Clark, W. E.
Note on the Lateral Geniculate Body 347

McMichael, J.
Spinal Tracts subserving Micturition in a Case of Erb's Spinal Paralysis 162

Martin, J. Purdon
The "Discharging Lesion" in Neurology 167

Paterson, A., and Zangwill, O. L.
Topographical Disorientation associated with a Unilateral Cerebral Lesion 188

Reynell, J., and Williams, D.
Abnormal Suppression of Cortical Frequencies 123

Ritchie Russell, W.
Transient Disturbances following Gunshot Wounds of the Head ... 79

Sciarra, D., and Denny-Brown, D.
Changes in the Nervous System in Acute Porphyria 1

Slater, E., and Craike, W. H.
Folie à Deux in Uniovular Twins Reared Apart 213

Slater, E., Heppenstall, M.E., and Hill, D.
The E.E.G. in the Prognosis of War Neurosis 17

Sunderland, S.
The Arterial Relations of the Internal Auditory Meatus 23

PAGE

Sunderland, S.
Traumatic Injuries of Peripheral Nerves 56

Sunderland, S.
The Adipose Tissue of Peripheral Nerves 118

Sunderland, S.
The Intraneural Topography of the Radial, Median and Ulnar Nerves ... 243

Turner, E. A.
A Study of Pupillary Inequalities in Man 98

Williams, D., and Reynell, J.
Abnormal Suppression of Cortical Frequencies 123

Zangwill, O. L., and Paterson, A.
Topographical Disorientation associated with a Unilateral Cerebral Lesion 188

SUBJECTS.

Cortical Frequencies, Abnormal Suppression of. D. Williams and J. Reynell ... 123

"Discharging Lesion" in Neurology. J. Purdon Martin 167

E.E.G. in the Prognosis of War Neurosis. M. E. Heppenstall, D. Hill, and Eliot Slater 17

Folie à Deux in Uniovular Twins Reared Apart. W. H. Craike and Eliot Slater 213

Galvanism, the Rôle of, in the Treatment of Denervated Voluntary Muscle in Man. Shirley Jackson 300

Gunshot Wounds of the Head, Transient Disturbances following. W. Ritchie Russell 79

Internal Auditory Meatus, The Arterial Relations of. S. Sunderland ... 23

Lateral Geniculate Body, the Human, the Development of. E. R. A. Cooper 222

Micturition, Spinal Tracts Subserving, in a Case of Erb's Spinal Paralysis. J. McMichael 162

Nerves, Peripheral, Traumatic Injuries of. S. Sunderland 56

Nerves, Peripheral, The Adipose Tissue of. S. Sunderland 118

Note on the Lateral Geniculate Body. W. E. Le Gros Clark 347

Porphyria, Acute, Changes in the Nervous System in. D. Denny-Brown and D. Sciarra 1

Pupillary Inequalities in Man, A Study of. E. A. Turner 98

Radial, Median and Ulnar Nerves, Intraneural Topography of. S. Sunderland 244

Strio-pallidum and Thalamus, the Interrelation of, in the Macaque Monkey. P. Glees 331

Topographical Disorientation, a case of, Associated with a Unilateral Cerebral Lesion. A. Paterson and O. L. Zangwill 188

Vascular Diseases of the Nervous System. C. D. Aring 28

Notices of Recent Publications 73, 165, 240, 350
